THE END MAY COME.

The Great Coal Miners' Strike May Be Settled.

A Plan Submitted by the Operators Met by a Counter Proposition by President Ratchford - Will Probably Get Together.

CLEVELAND, O., Aug. 31 .- A promidistrict said last night that the min- of the shirt and the lower part ers' strike would be probably settled, of the underclothing were saturated temporarily at lead, within the next with blood. The clothes are believed 48 hours. The operators have been to belong to the man who murdered quietly negotiating with the miners' Kay, and answer in every detail to the Pittaburgh conference, and a settle B. Edmunds was known to have been feel it my duty to advise everybody to ment is believed to be close at hand. | wearing when he was last seen in this stay out until next spring. Wild and, The operators offered to pay the men city a few days prior to the murder. 64 cents a ton, pending arbitration, 11 the miners would consent to such an by the supposition that the murderer arrangement, with the distinct understanding that the arbitrators could not fix a price below 60 cents or above 60 cents.

five cents of that to b, turned over to a trustee or trustees and to be held nutil arbitration is completed and then at 69 cents. If the rate is fixed below amount held by the trustees is to be given to the miners and the other rebated to the operators.

A telegram was received here yesterspect to the operators' proposition, but sheriff of Colorado Springs. it was somewhat blind, and the operators were unable to tell whether he would accept the proposition or not. It is believed, however, that he will consent to arbitration, and it is expected that work at the mines will be resumed before the close of the week.

"I am aware there is a popular impression that supplies can be bought in the vicinity of the mines. They may at present buy at six times Seattle prices, but they are taken at even those figures faster than they can be

got in, and before winter is half over

will be actual starvation. "The average man requires about one ton of carefuly selected food and slothing for a year's supplies. In the ummer of 1896 about 3,500 tons of supplies went up the river, and the new population of 1,500 to 2,000 suffered from want. Of this 3,500 tons probably 1,500 were rum, tools, furniture and supplies other than provisions.

'This season, allowing the most facorable circumstances, not more than 4,200 tons of supplies can be got up the river, fully half of which is rum and tools, as well as supplies other than food. There are more than three times as many people there now than last winter. Figure it out for yourself."

A CARTOON IN PUNCH. it May Prove a Terrible Reality Before

Next Spring. London, Aug. 27.—Punch's cartoon wrecked in the outskirts of this city this week represents a desolate, snow yesterday morning by the spreading of | slad mountain peak, on which shines Fireman C. A.
